The following is a list of Special Olympics events. Please place a check mark by the events in which you would like to participate during the 2013-2014 Winter/Spring season. Leave a blank by any sport in which you do not wish to participate.

You may participate in one team sport (basketball or volleyball) and one individual sport (bowling or track & field)

This will give me a more accurate count of how many slots I need to create for the Local participants, and how many slots I need to request for the State and District competitions. Please complete this form and return it to the Parks and Recreation office, 427 Monroe St, Jefferson City, MO 65101 no later than **September 20, 2013.**

Submitting this form does not guarantee that you will be able to participate in the program, but at least I will know how many people are interested in participating. If you are not chosen to participate, you will be put on a waiting list. If you would like to sign up for a sport at a later date, you may do so, but if we don't have enough slots, those of you who have signed up by September 3rd will get the first preference. Thank you for your cooperation in this matter.

You must participate in the area event to be eligible to participate in the state event in each sport.
